

Master realized by Isidore Jenessens.

This kit contains:

- A complete kit for Hamer Lynx (IDF version).
- A figurine in resin with Tavor.
- A manual of assembly in two sheets first side / reverse.

In this manual of assemblage you will find:

- On the first sheet: the manual step by step. Each picture represents a step and parts required for each step are indicated at the top left of each picture (part number relating to the nomenclature of second sheet).
 - On the second sheet: you will find the nomenclature that is to be placed next to the sheet for assembly in refer to each number.
- So a historical text

Useful Advises:

This kit is not recommended for children under 10 years. Keep out of reach of children. They should not be allowed to ingest small pieces or manipulate the plastic bags in any way. It is recommended to use the glue cyanoacrylate.

Historic:

The Hamer Lynx is Israeli design. It has a huge receiver for satellite communications. This system allows the transfer of high-speed communications, enabling different receive and transmit data to obtain images very quickly.
