- On the second sheet: you will find the nomenclature that is to be placed next to the sheet for assembly in refer to each number.
- So a historical text

Useful Advises:

This kit is not recommended for children under 10 years. Keep out of reach of children. They should not be allowed to ingest small pieces or manipulate the plastic bags in any way. It's recommande to use glue cyanoacrylate.

Historic:

The M-50 is a tank, builded from a different assembly Sherman, turret with 75mm gun of French origin and mounted on VVSS or HVSS.

The peculiarity of this kit is the chair instructor is located on the turret. This tank used by the South Lebanon Army was used during the Lebanon war in 1982, for example.

Example of camouflage possible for this kit:
